Bartlett and O'Brien "Box" It Out On Pray Hill Bartlett Wins!!!!!

Gary Bartlett, son of Mr. and Mrs. Norman Bartlett, nosed out Jerry O'Brien to win the 1952 Soap Box Derby. Although Jerry had a fast car, it was not quite fast enough to beat the large blue entry of Gary's. Jerry was out to make it two in a row, as he had won last years Derby, but now the boys have one apiece. Both boys will travel to Traverse City to the Derby there, to try their luck against a larger field of contestants. The Derby officials are still trying to find out who the surprise entry was. An elderlyl gentlemen showed up in an old car wearing a very badly tattered coat, and carrying an old black parasol to race. His time was quite slow, but it was fast enough to win third, if he can be found to present the award to him.

Next years Derby will be run in a little different manner to insure a larger field of competition. The cars will be classed, so that children making less profession cars will feel that they also can enter. Also ages will be taken into consideration, so that more boys will enter, race against their own age group and then race against winners from other groups. Remember the more cars that enter, the more fun it is for the boys and for the crowd, too. So get busy now, "kids", start to build your car now, and you will be already for next year's Derby. Remember that includes girls, too, as next year there will be a Girls Derby, also.

Large Turn-Out for Children's Parade

Before a huge crowd assembled from Garfield Street to Main, the children of the East Jordan Playgrounds really put on a show. Dressed in every thing from old clothes salvaged from a by-gone era to the latest in bathing suits, they marched from the school house to Memorial Park where prizes were awarded for the Best entries. Because of the number of very original and very good entries, it was difficult for the judges, Mr. and Mrs. Frank Strehl, and Mr. and Mrs. Ken Diller, to make a decision, but after much consideration these very excellent choices were made. In order to give more children a chance to win, prizes were awarded for different groupings, instead of just prize to cover all sixty-two entries. The groupings and winners were:

Most Orginal Boy — Jimmy Gidley, dressed as Mr. East Jordan Of 52.

Most Original Girl — Mary Carol Hasty, dressed as an old maid school teacher.

Funniest Boy — Billie Malpass, George Savory, Butch Cole, Chris Schroeder, and Ricky Annear, dressed as a very funny and very gaudy group of Circus Clowns.

Best Decorated Bike Boy — Micky Bell riding a gaily decorated "great big three wheeler".

Best Decorated Bike Girl — Jane Campau riding a very beautifully decorated bike, and carrying as a passenger ,a large rag doll.

Funniest Girl — Roxanne Schroder pushing a large baby buggy with a big real live baby brother in it.

Best single entry — Billie Murray riding a little toy tractor and wearing a large over-sized straw hat.

Best Pet Boy — Johnny Neumann and Keith Odgen pulling a wagon fixed up like a covered wagon with "Pikes Peak or Bust" o nthe side, and dragging an assortment of cans, bottles, and a dog as a cow behind.

Best Pet Girl — Betty and Billie Healey, pulling a wagon with a dog dressed in a hat, glasses, and clothes on it.

Best Group Entry — Bible School float carrying 25 children dressed in the costumes of children of other lands, which was the Bible School theme for this year.

Because of the publics reaction to the parade, the playground committee hopes to make this an annual event, so if your child didn't make the parade this year, and if some of town didn't get to see it, come on our next July 4th. Thanks to all that did turn out and all those who helped get the children down through town!

Bike Hike-Swimming-Canoe Trip All in Last Weeks Fun

The East Jordan Playground has had one trip after another to add to the fun of the summer program. Wednesday the children went by bike to Webster Bridge and back. Although it was a very warm day, the children made good time, and none seem to be tired except Mrs. Glen Malpass, one of the directors, who just couldn't keep up with Parker Seiler, cross country bike king, and his group.

The swimming classes are coming along very well, and have been meeting on the East side of the lake due to the swimming itch, that has been gotten on the West Side. The children have been meeting on Mr. William Malpasses lot on the East side, and they would all like him to know that they are very happy that he will let them swim there, as if he hadn't, there would have been no swimming program for the rest of the summer. All of the beginners have now learned how to float or at least get their faces wet, most of them can now keep themselves afloat by kicking their arms and legs. The next thing they will learn is how to coordinate their stroke and how to thread water, in preparation for the big day when they go into water over their head. Contrary to the idea little boys are less afraid than little girls, most of the girls are doing better than the boys, when it comes to trying new thing.

The big high light of last weeks program was an impromtu canoe trip on Monday. The advanced swimming classes of the playground were treated to a canoe trip down the Jordan River by Mr. Glen Malpass who donated seven canoes for the outing. The children left Graves Crossing at 1:30, and after many spills, many runs aground, many bumps in and out of logs, and a rain storm, they made it to Rogers Bridge by 4:30. Mr. Malpass reports that this was as good a time as many of the adults and more experienced canoers make. The children actually were one of the best mannered group that ever used the canoes as they were not interestd in turning the canoes over or running in to each other-they really wanted to stay afloat. The only people bothered at all by the trip were afew fishermen who felt that if they had a small catch that day itwould be due to the canoeing children. One fisherman asked "How many more of you are there, it seems every time I get a bite, another canoe goes by." Although the children arrived home quite wet, it didn't dampen their spirits any, for they were already asking if they couldn't do this again soon. It was a real out door experience!

South Arm 4-H News

"Serving as Loyal Citizens Through 4-H" was the theme of the 34 annual Michigan 4-H Club Week held June 30 — July 3, 1952 at M.S.C.

About 1300 club members made up the delegation from all of the counties in the lower peninsula and Charlevoix County sent 16 delegates. Of the 16 delegates, six of them were from the South Arm 4-H Club, those attending were Joe Smith, Jack Zoulek, Roger Stokes, Rushell Hart, Margaret Zoulek and Margaret Lord. The members were chosen because of their outstanding record in 4-H.

Classes, swimming in the college pool, dancing in the Union Ball Room and Demenstration Hall and a trip to the Capitol, were some of the events the members took part in. On Tuesday evening Margaret Lord, Charlevoix County Dress Revue Candidate, was chosen to model her dress at the State 4-H Club Show in August. There were about 100 girls modeling their garments they had made and of these 38 were chosen to come back in August to compete with the girls from the upper peninsula for a trip to Chicago.

The delegates were housed in Shaw Hall. All of their meals were eaten there. Mrs. Rv. Liskum was the girls counselor.

All 4-H members remember the hayride that is to be held July 16.

"Now," said the architect, "if you will just give me some idea of the the kind of house you want."

"That's easy," replied the prospective home owner, "we want something to go with this antique door knocker my wife bought in Mexico City last Winter."

Class of '35 Holds Reunion

On Saturday ,July 5th, 1952, the East Jordan High School graduating class of 1935 held their first class reunion. There are now forty-seven living members of the class; five of the classmates having passed away. Of this number twenty-eight members were able to attend the reunion.

On Saturday afternoon a family picnic was held in the large log cabin at the Tourist Park. The classmates were honored with the presence of Mr. and Mrs. Russell Eggert of Durham, New Hampshire. Mr. Eggert had been their senior class advisor, and an understanding friend to each member of the class. Besides exchanging memories, the afternoon was spent in mutually admiring the forty-eight offspring who were also present. Several of these classmates hadn't met since commencement day in 1935.

At 7:00 p.m. on Saturday, the members of the class, together with their husbands and wives, met again in the American Legion Dining Hall to enjoy a banquet in their honor, served by the ladies of the American Legion Auxiliary. The tables were cleverly and appropiately decorated with patriotic colors, and the places were marked with individual schoolbells.

The invocation was given by Einer Olstrom.

Cyril Dolezel acted as master of ceremonies, and words of welcome were given by James Lilak, Jr., who had been senior class president.

A moment of silence was given in memory of Mary Jane Porter, Agnes Votruba Callahan, Lyle Danforth, John Kraemer, and Archie Ward who have preceded in death.

Guests of honor at this event were Mr. and Mrs. Russell Eggert, Supt. and Mrs. E. E. Wade, and Mr. and Mrs. Clayton Saunders of Belleville, Mich.

The group sang two selections, "The Old Gray Mare Ain't What She Used To Be", and "Old High School", accompanied by Mrs. Saunders, (Margaret Staley) at the piano.

Talk given by Mrs. Saunders, Mrs. Wade, and Mr. Eggert were enjoyed, after which several members of the class were also called upon for a few words.

It was felt that the affair was a highly enjoyable and successful event, and plans were made for a second reunion in 1960, which will be the twenty-fifth anniversary year.

The members who attended from East Jordan and vicinity are: Fern Gee Bennett, Helen Ager Lord, Edna Donaldson, Martha Gay Clark, Thelma Hudkins Knudsen, Harriet Conway Malone, Edna Inman Northrup, Albert Peters, William Swoboda, Roman Dubas, Cyril Dolezel, and James Lilak, Jr.

Others who attended from out-of-town are: Peggy Clark Nichols, U.S.A.F.; Betty Vogel Slade, Grand Rapids; Helen Malpass Dudek, Petoskey; Phyllis Bulow Quinn, Lincoln Park; Louise Beyer Foltz, Petoskey; Clara Skrocki Smith, Greenville; Helen Darbee, Detroit; Josephine Sommerville Pratt, Kalamazoo; Arthur Quinn, Lincoln Park; Wilbur McDonald, Charlevoix; Einer Olstrom, Lake City; Robert Blair, Detroit; Orlando Blair, Detroit; Herman Rasch, Lincoln Park; Jack Bowman, Gaylord; and Rosco Crowell, Auburn Heights.

Fuel Oil Users Urged To Fill Storage Tanks

Fuel oil users are urged to fill their storage tanks now for next winter's use, according to J. K. Bader, Agent for the Standard Oil Company.

This will guard against the hazards of moisture condensing in storage tanks, he explained. Condensation in an empty or partially filled fuel oil tank results in contamination that may clog fuel lines and burner nozzles.

"By filling their storage tanks now," Mr. Bader said, "fuel oil users increase the storage space so necessary to facilitate a continued high level of fuel oil production all summer long. They make it possible for us to store that much more oil against the heavy demands in the fall."

While the oil industry has expanded its facilities tremendously, he pointed out, the demand for fuel oil also has grown by "leaps and bounds."

As an inducement to fill storage tanks now, Mr. Bader said Standard Oil Company offers price protection to customers who order "summer fills."

"This means," he continued, "that if after your 'summer fill' delivery and before August 31 our price of furnace oil or heater oil in your community is reduced below the price you are charged at time of delivery, you will receive an adjustment in September, 1952." 28x1—adv.

"Now, Take It Eaey"

Motorists should think about the effects of excessive speed before — not after — they step on the gas, Chief Harry Simmons of the East Jordan Police Department said in discussing the statewide campaign on speed control sponsored by the State Safety Commission.

"Many drivers," Harry Simmons stated, "fail to realize just how destructive fast driving is.

"For instance, a car that strikes a solid at 60 miles an hour hits with the same impact as if it were driven off the top of a ten-story building.

"No one would think of driving off the top of a building, but many actually risk doing the equivalent of that when they get out on the highway and tear loose.

'A look at a wrecked car will show the destructive power of speed. But smashed fenders, ripped tops, bent frames and shattered glass represent only the mechanical damage. The big loss is the toll of persons injured or killed.

"Attempts to save a few minutes of time are not worth the risk involved and certainly not the tragedy that often results.

"Speed control will prevent accidents and save lives. Drive safely and live longer."

The Servicemen's Letter

Hi Fellas:

This should be a long one — in fact so long that I'd better not waste any time on generalities at the beginning.

I tried to keep watch for men who were home over the 4th and here's a list of those I noticed: George Rogers, Bud Strehl, Delwin and Darwin Morris, Lawrence Wright, Jack Bennett, and Dick Misner.

Starting with the last first — Dick Misner was in the office today and commented that already he very seldom received a paper while over in Korea that he is receiving them regularly now and enjoys this letter very much. I only hope that all of you get that much good out of it. Dick is home on a 15 day furlough which started on the 1st and continues until the 16th. (Including Grace.) Dick has completed a course in the operation of I.B.M. machines and is now studying the machanics of these machines. It should get him a good job when he gets out in a couple more years.

The Morris twins were in last week and expressed their thankfulness that the grand old Army decided to leave them together. They were home on leave for the 4th and had to be back in camp this Wednesday. Their school starts on July 14th and will continue for 23 weeks.

Jack Bennett was home for 3 days over the 4th. His mother told me that Jack is expecting to get out and into civvies on the 20th of this month.

Lawrence Wright was in with his wife today and reported that he is still doctoring motors for the Air Corps motor pool down in Lockport, New York. The Mrs. has been having a little homesickness and some trouble with the heat but they expect the both of them to pass over.

George Rogers dropped in and took up a large space at the window for a short time last week end. I'm sorry that I wasn't able to spend more time talking to you just then, George.

Everett Vermillion got off a letter to me this past week. I notice a change in his address so I will give it to you again: Sgt. Everett Vermillion, RA 16 320 639, Co C, 467th Chem Mort, Camp Atterbury, Indiana. He writes, "I guess it's time I got down and wrote you a line or two while I have some time off. It's sure been hot down here. Yesterday it was 98.6 and I guess it was hotter today.

'I'm going to start my leave this month but will not get up your way. I'm going out to Colorado to be married. I've been going to school the last three months and I'm going back as soon as I get out of the Army.

'I just got myself a new car yesterday — a 1952 Ford. I sure like it.

'I see by the address you put on my paper you have the wrong address. I made Cpl down at Camp Rucker, Ala. and when I got here I made Sgt. I don't know how long I'll keep them but hope to long I get out in September. They want me to stay in but that's no go.

'Well Jake, it's time I hit the hay. 3:45 a.m. comes too soon for me. We are going in the field tomorrow." Thanks for the letter, Everett. Guess I missed the ball on your promotions.

Lawrence Streeter has changed squadrons at Scott AFB. He is now A/3C Lawrence E. Streeter in the 3317 Stu Sqdn, Box N3131. While on the Streeters — Bill also went in about two weeks ago and I get his address last week just in time to add his name to the mailing list but not in time to get it in this letter. Bills address is: A/B William A. Streeter, Sqd 3732, Flt 806, Lackland AFB, Texas. Bill seems to be following in his brothers footsteps. Do you suppose he will end up in Scott too?

Another new man at Lackland is: A/B Forest E. Muma, Sqd 3703, Flt 816, Lackland AFB, Texas. I don't have any information about when you went down there, Forest. How about you and Bill getting together and composing a letter to me, eh?

My apologies to Donald Dixon and Clare Loomis. They were home when the issues of this paper temporarily discontinued and did not add them on last week. You'll gea your papers regularly now.

Here's a letter from Maurice Vance down in the Naval Air Station in Jacksonvile, Fla. He writes, "This is just a letter of appreciation for the paper and especially your column for the servicemen. It's a good feeling to know where all the fellows are and how they're making out. The paper comes every week without fail.

'I was in the class of '50 at E.J.H.S. It seems as tho all the fellows from that class are either in college or the service. If it's not too much trouble I'd like to get Joe Hammonds and Don Dixons addresses. We three were real good friends during high school days. I have sadly neglected keeping in touch with them since We've all been in the Navy. The first few months in the service are the hardest times in which to keep trace of old friends.

'Another thing, I wish to thank the Community for the package I repeived last Christmas and especially for the cake. It lasted I believe 5 or 6 seconds in the barracks. Someone yelled "Cake" and it was gone, not before I got a generous piece of it though."

Thanks for your letter, Maurice, Joe Hammonds address is Joseph H. Hammond FN, 4th Div, USS Aucilla (AO 56) C/o FPO, New York, N.Y. Don Dixons address is Donald Dixon, FN, Pier No 7 Tug Office No 13, Norfolk, Virginia.

A letter from Cliff Cutler over in Korea informs us that he has had his Sgt stripes for about five months now. I'm sorry I didn't catch that sooner, Cliff. I imagine you earn them over there. He writes, "Well I guess it is about time I wrote you a few lines. I've been pretty busy for the last three months. We are taking care of Koreans in the hospital now. We started taking them in April. We call them KSC. That stands for Korean Service Corps. They work for eighth army up on the front carrying supplies. Boy they sure are a mess to take care of. When they come in we take all their clothes away from them and give them a shower. Then after the shower we spray them with DDT. After they've been in the hospital one week we give them two showers a week until they leave the hospital. For a while we were having an awful time here. Every Korean that got hurt they would send them to us. Even civilians. And we are not supposed to take care of anybody besides these KSC and a few GIs.

'The weather over here has here has really been nice. It rains about once a week on the average. The only thing wrong is the smell that is over here. And that is terrific, especiolly when the sun is hot.

'In a couple of months I should leave this place. That is if everything goes well. The way things are lately I am not so sure if I will leave or not. If anything breaks out up front then I won't be able to leave. But I hope that never happens.

'I told my wife to tell you that I made another stripe but guess she must have forgot. I've had it for about five months now. I don't know if I will make another one before I leave or not. At the present time they have all promotions froze. That is all but Pfcs."

Thanks for the letter, Cliff.

Ken Richards has reached England and here is his new address: Pvt. Kenneth Richards, US 55 187 683, 817 Engr Avn Bn, APO 147, C/o PM, New York, N.Y. I have no way of knowing whether he is near Bob Mosher or not. Bob is with the 620th Engr Avn Maint Co of the same APO address. It would be swell if you two could get together.

Here's a letter from James McLaughlin with a change of address within the same camp. "Well, I finally finished Basic Training and like every other trainee who finished I can truthfully say "I've had it". The heat here is really terrific. One day it climbed to a sizzling 107 degrees. That was the day a guy came into camp swearing he had saw a rattlesnake wearing a sun visor. We had to build a fire to keep cool.

'They have finally sent me here to cooking school. I don't know whether I'm an individualist or not but I really like Army chow. They have just started a program to improve Army food and its preparation. There's a lot of traditional griping about Army chow but I see every day the guys that gripe the loudest are always the guys that come back for seconds.

'Well that's about all for now and I wonder if there are any other guys from E.J. here at Fort Wood."

Thanks for writing, Jim. According to my file you are the only Jordanite there at Fort Leonard Wood just now. Murray Nelson was there up until a short time ago but he shipped out via Camp Kilmer. I wish he'd let me know whether he's getting this paper or not.

A paragraph out of a letter from Guy Vallance to his folks reads, "Well, we will be back in Japan tomorrow to load up and as soon as we are leaded we will take off again. We refueled two carriers, one cruiser, and about eight destroyers today. I don't know if I mentioned it but I am off mess cooking and back in the engine room standing watches and I like it a lot better."

Bob Pearsalls address should read Co S, 53rd A.I.R. instead of 53rd Abn Inf Div. That looked fishy to me having a division within a division. Bobs wife is leaving here on the 8th of July to go down into Kentucky to join Bob. Bob will be in Camp Breckinridge for a 16 week basic so she is going to try to get a job down there to be near him.

We received a discontinuance notice on Leo Danforths paper this week. Leo's dad told me that he left Fort Riley and is on his way to someplace just a short distance from Washington, D.C. If I remember right that is the the route that the other men from Riley took on their way to Fort Devens. If he heads your way men I'll let you know.

Well, I guess that's about all for tonight. See you all next week.

FARM FACTS
from your
County Agricultural Agent
Ed. Rebman, Co. Agr'l Agent

The "ring" test used in control of Bang's disease is an accurate, simple procedure, D. L. Murray, extension dairy specialist at Michigan State College told Ed Rebman, county agricultural agent, today.

The test is performed by mixing one cubic centimeter of milk with one drop of a stained antigen in a small glass tube. The mixture is allowed to stand for one hour. Any Bang's organism present will stain and raise with the cream layer causing a colored ring to form, hence the results of one test is shown.

The test is practical and inexpensive, Murray pointed out, and will quickly determine those herds with Bang's reactors present. Milk or cream samples can be taken at the farm or dairy plant and the test performed quickly. The milk or cream samples that show positive indicate that there are Bang's reactors in the herd. Blood samples can then be taken on those herds that have shown positive to the "Ring" test to find the individual reacting animals.

Murray advised that the ring test be made on a milk or cream supply twice a year so that animals not in production at one time will be tested the other time.

Noting the accuracy of the "ring" test, Murray reported that if 40 herd milk samples were positive to the test, 35 of those herds would show up with some reacting animals to the blood test.

The "ring" test makes it necessary to give blood tests only to reacting herds, he said, making it possible to cover a greater area each year in the Bang's control program.

It is important in the business of raising potatoes as in any other business not to lock the door after the horse is stolen. That is the idea Ed Rebman, county agricultural agent, used in urging Charlevoix county potato raisers to spray their crop BEFORE seeing any indication of disease or insect injury.

Rebman recommends applying the first spray when the plants are four inches high. After the first spray, repeat at weekly intervals. This procedure is an insurance policy against insects and diseases.

To make the spray use the old bordeaux mixture consisting of eight pounds of copper sulphate, four pounds of lime, and one and a half pounds of 50% wettable DDT per 100 gallons of water. The spray tank should be filled half full of water and the copper washed through a screen. When the tank is about two-thirds full, add the lime. The DDT should be added last. Keep the agitator moving during the whole process.

A number of growers prefer the fixed coppers and organic fungicides that do not require any lime. In this case, add the DDT as you do in the bordeaux mixture.

A sprayer that will develop 300 to 400 pounds of pressure with three nozzles to the row is the best type. Each application requires 100 to 150 gallons per acre.

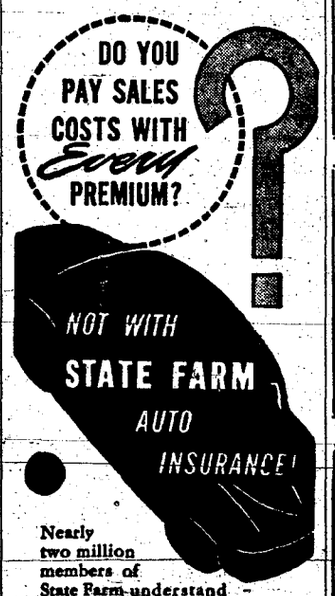

What's money? Just something that brushes against your fingers on its way to Washington.

From where I sit ... by Joe Marsh

How Nervy Can a "Tenant" Get?

"Harry the Hermit" dropped in to see Judge Cunningham the other day and started complaining about that dilapidated house he lives in over near Greenwood Lake.

"Who's my landlord?" Harry wanted to know. "Whoever you pay rent to," says the Judge. "Don't pay any rent," says Harry. "Moved into that house twelve years ago and nobody ever came to collect."

"Well," says the Judge, looking mystified, "what do *you* have to complain about?" "Plenty," replies Harry. "Rain's pouring in my living room and if someone doesn't fix that roof, I'm moving out!"

Now Harry was only having a little joke, but from where I sit I've seen people act just about as nervy as this sometimes—*seriously*. Like those who enjoy all the rights Americans have worked for, and yet would take away some of those freedoms from others—for example, our right to enjoy a friendly glass of beer. I say these "leaks of intolerance" have no place in the "home of liberty."

Bartlett and O'Brien "Box" It Out On Pray Hill Bartlett Wins!!!!!

Gary Bartlett, son of Mr. and Mrs. Norman Bartlett, nosed out Jerry O'Brien to win the 1952 Soap Box Derby. Although Jerry had a fast car, it was not quite fast enough to beat the large blue entry of Gary's. Jerry was out to make it two in a row, as he had won last years Derby, but now the boys have one apiece. Both boys will travel to Traverse City to the Derby there, to try their luck against a larger field of contestants. The Derby officials are still trying to find out who the surprise entry was. An elderlyl gentlemen showed up in an old car wearing a very badly tattered coat, and carrying an old black parasol to race. His time was quite slow, but it was fast enough to win third, if he can be found to present the award to him.

Next years Derby will be run in a little different manner to insure a larger field of competition. The cars will be classed, so that children making less profession cars will feel that they also can enter. Also ages will be taken into consideration, so that more boys will enter, race against their own age group and then race against winners from other groups. Remember the more cars that enter, the more fun it is for the boys and for the crowd too. So get busy now, "kids", start to build your car now, and you will be already for next year's Derby. Remember that includes girls, too, as next year there will be a Girls Derby, also.

Large Turn-Out for Children's Parade

Before a huge crowd assembled from Garfield Street to Main, the children of the East Jordan Playgrounds really put on a show. Dressed in every thing from old clothes salvaged from a by-gone era to the latest in bathing suits, they marched from the school house to Memorial Park where prizes were awarded for the Best entries. Because of the number of very original and very good entries, it was difficult for the judges, Mr. and Mrs. Frank Strehl, and Mr. and Mrs. Ken Diller, to make a decision, but after much consideration these very excellent choices were made. In order to give more children a chance to win, prizes were awarded for different groupings, instead of just prize to cover all sixty-two entries. The groupings and winners were:

Most Orginal Boy — Jimmy Gidley, dressed as Mr. East Jordan Of 52.

Most Original Girl — Mary Carol Hasty, dressed as an old maid school teacher.

Funniest Boy — Billie Malpass, George Savory, Butch Cole, Chris Schroeder, and Ricky Annear, dressed as a very funny and very gaudy group of Circus Clowns.

Best Decorated Bike Boy — Micky Bell riding a gaily decorated "great big three wheeler".

Best Decorated Bike Girl — Jane Campau riding a very beautifully decorated bike, and carrying as a passenger ,a large rag doll.

Funniest Girl — Roxanne Schroder pushing a large baby buggy with a big real live baby brother in it.

Best single entry — Billie Murray riding a little toy tractor and wearing a large over-sized straw hat.

Best Pet Boy — Johnny Neumann and Keith Odgen pulling a wagon fixed up like a covered wagon with "Pikes Peak or Bust" o nthe side, and dragging an assortment of cans, bottles, and a dog as a cow behind.

Best Pet Girl — Betty and Billie Healey, pulling a wagon with a dog dressed in a hat, glasses, and clothes on it.

Best Group Entry — Bible School float carrying 25 children dressed in the costumes of children of other lands, which was the Bible School theme for this year.

Because of the publics reaction to the parade, the playground committee hopes to make this an annual event, so if your child didn't make the parade this year, and if some of town didn't get to see it, come on our next July 4th. Thanks to all that did turn out and all those who helped get the children down through town!

Bike Hike-Swimming-Canoe Trip All in Last Weeks Fun

The East Jordan Playground has had one trip after another to add to the fun of the summer program. Wednesday the children went by bike to Webster Bridge and back. Although it was a very warm day, the children made good time, and none seem to be tired except Mrs. Glen Malpass, one of the directors, who just couldn't keep up with Parker Seiler, cross country bike king, and his group.

The swimming clagses are coming along very well, and have been meeting on the East side of the lake due to the swimming itch, that has been gotten on the West Side. The children have been meeting on Mr. William Malpasses lot on the East side, and they would all like him to know that they are very happy that he will let them swim there, as if he hadn't, there would have been no swimming program for the rest of the summer. All of the beginners have now learned how to float or at least get their faces wet, most of them can now keep themselves afloat by kicking their arms and legs. The next thing they will learn is how to coordinate their stroke and how to thread water, in preparation for the big day when they go into water over their head. Contrary to the idea little boys are less afraid than little girls, most of the girls are doing better than the boys, when it comes to trying new thing.

The big high light of last weeks program was an impromtu canoe trip on Monday. The advanced swimming classes of the playground were treated to a canoe trip down the Jordan River by Mr. Glen Malpass who donated seven canoes for the outing. The children left Graves Crossing at 1:30, and after many spills, many runs aground, many bumps in and out of logs, and a rain storm, they made it to Rogers Bridge by 4:30. Mr. Malpass reports that this was as good a time as many of the adults and more experienced canoers make. The children actually were one of the best mannered group that ever used the canoes as they were not interestd in turning the canoes over or running in to each other-they really wanted to stay afloat. The only people bothered at all by the trip were afew fishermen who felt that if they had a small catch that day itwould be due to the canoeing children. One fisherman asked "How many more of you are there, it seems every time I get a bite, another canoe goes by." Although the children arrived home quite wet, it didn't dampen their spirits any, for they were already asking if they couldn't do this again soon. It was a real out door experience!

South Arm 4-H News

"Serving as Loyal Citizens Through 4-H" was the theme of the 34 annual Michigan 4-H Club Week held June 30 — July 3, 1952 at M.S.C.

About 1300 club members made up the delegation from all of the counties in the lower peninsula and Charlevoix County sent 16 delegates. Of the 16 delegates, six of them were from the South Arm 4-H Club, those attending were Joe Smith, Jack Zoulek, Roger Stokes, Rushell Hart, Margaret Zoulek and Margaret Lord. The members were chosen because of their outstanding record in 4-H.

Classes, swimming in the college pool, dancing in the Union Ball Room and Demenstration Hall and a trip to the Capitol, were some of the events the members took part in. On Tuesday evening Margaret Lord, Charlevoix County Dress Revue Candidate, was chosen to model her dress at the State 4-H Club Show in August. There were about 100 girls modeling their garments they had made and of these 38 were chosen to come back in August to compete with the girls from the upper peninsula for a trip to Chicago.

The delegates were housed in Shaw Hall. All of their meals were eaten there. Mrs. Rv. Liskum was the girls counselor.

All 4-H members remember the hayride that is to be held July 16.

"Now," said the architect, "if you will just give me some idea of the the kind of house you want."

"That's easy," replied the prospective home owner, "we want something to go with this antique door knocker my wife bought in Mexico City last Winter."

Class of '35 Holds Reunion

On Saturday ,July 5th, 1952, the East Jordan High School graduating class of 1935 held their first class reunion. There are now forty-seven living members of the class; five of the classmates having passed away. Of this number twenty-eight members were able to attend the reunion.

On Saturday afternoon a family picnic was held in the large log cabin at the Tourist Park. The classmates were honored with the presence of Mr. and Mrs. Russell Eggert of Durham, New Hampshire. Mr. Eggert had been their senior class advisor, and an understanding friend to each member of the class. Besides exchanging memories, the afternoon was spent in mutually admiring the forty-eight offspring who were also present. Several of these classmates hadn't met since commencement day in 1935.

At 7:00 p.m. on Saturday, the members of the class, together with their husbands and wives, met again in the American Legion Dining Hall to enjoy a banquet in their honor, served by the ladies of the American Legion Auxiliary. The tables were cleverly and appropiately decorated with patriotic colors, and the places were marked with individual schoolbells.

The invocation was given by Einer Olstrom.

Cyril Dolezel acted as master of ceremonies, and words of welcome were given by James Lilak, Jr., who had been senior class president.

A moment of silence was given in memory of Mary Jane Porter, Agnes Votruba Callahan, Lyle Danforth, John Kraemer, and Archie Ward who have preceded in death.

Guests of honor at this event were Mr. and Mrs. Russell Eggert, Supt. and Mrs. E. E. Wade, and Mr. and Mrs. Clayton Saunders of Belleville, Mich.

The group sang two selections, "The Old Gray Mare Ain't What She Used To Be", and "Old High School", accompanied by Mrs. Saunders, (Margaret Staley) at the piano.

Talk given by Mrs. Saunders, Mrs. Wade, and Mr. Eggert were enjoyed, after which several members of the class were also called upon for a few words.

It was felt that the affair was a highly enjoyable and successful event, and plans were made for a second reunion in 1960, which will be the twenty-fifth anniversary year.

The members who attended from East Jordan and vicinity are: Fern Gee Bennett, Helen Ager Lord, Edna Donaldson, Martha Gay Clark, Thelma Hudkins Knudsen, Harriet Conway Malone, Edna Inman Northrup, Albert Peters, William Swoboda, Roman Dubas, Cyril Dolezel, and James Lilak, Jr.

Others who attended from out-of-town are: Peggy Clark Nichols, U.S.A.F.; Betty Vogel Slade, Grand Rapids; Helen Malpass Dudek, Petoskey; Phyllis Bulow Quinn, Lincoln Park; Louise Beyer Foltz, Petoskey; Clara Skrocki Smith, Greenville; Helen Darbee, Detroit; Josephine Sommerville Pratt, Kalamazoo; Arthur Quinn, Lincoln Park; Wilbur McDonald, Charlevoix; Einer Olstrom, Lake City; Robert Blair, Detroit; Orlando Blair, Detroit; Herman Rasch, Lincoln Park; Jack Bowman, Gaylord; and Rosco Crowell, Auburn Heights.

Fuel Oil Users Urged To Fill Storage Tanks

Fuel oil users are urged to fill their storage tanks now for next winter's use, according to J. K. Bader, Agent for the Standard Oil Company.

This will guard against the hazards of moisture condensing in storage tanks, he explained. Condensation in an empty or partially filled fuel oil tank results in contamination that may clog fuel lines and burner nozzles.

"By filling their storage tanks now," Mr. Bader said, "fuel oil users increase the storage space so necessary to facilitate a continued high level of fuel oil production all summer long. They make it possible for us to store that much more oil against the heavy demands in the fall."

While the oil industry has expanded its facilities tremendously, he pointed out, the demand for fuel oil also has grown by "leaps and bounds."

As an inducement to fill storage tanks now, Mr. Bader said Standard Oil Company offers price protection to customers who order "summer fills."

"This means," he continued, "that if after your 'summer fill' delivery and before August 31 our price of furnace oil or heater oil in your community is reduced below the price you are charged at time of delivery, you will receive an adjustment in September, 1952." 28x1—adv.

"Now, Take It Eaey"

Motorists should think about the effects of excessive speed before — not after — they step on the gas, Chief Harry Simmons of the East Jordan Police Department said in discussing the statewide campaign on speed control sponsored by the State Safety Comm..ssion.

"Many drivers," Harry Simmons stated, "fail to realize just how destructive fast driving is.

"For instance, a car that strikes a solid at 60 miles an hour hits with the same impact as if it were driven off the top of a ten-story building.

"No one would think of driving off the top of a building, but many actually risk doing the equivalent of that when they get out on the highway and tear loose.

'A look at a wrecked car will show the destructive power of speed. But smashed fenders, ripped tops, bent frames and shattered glass represent only the mechanical damage. The big loss is the toll of persons injured or killed.

"Attempts to save a few minutes of time are not worth the risk involved and certainly not the tragedy that often results.

"Speed control will prevent accidents and save lives. Drive safely and live longer."

At Our Tourist Park

My, but this has been such a big week end, and lots of activities the whole time in the park. The weather man was very co-operative and gave us such ideal weather for all the parties and picnics. The lake has been exceptionally high, and the last few days it really must have raised considerable, due to all the bathers taking advantage of the nice warm water. Plenty of excitment at the beach.

The Servicemen's Letter

Hi Fellas:

This should be a long one — in fact so long that I'd better not waste any time on generalities at the beginning.

I tried to keep watch for men who were home over the 4th and here's a list of those I noticed: George Rogers, Bud Strehl, Delwin and Darwin Morris, Lawrence Wright, Jack Bennett, and Dick Misner.

Starting with the last first — Dick Misner was in the office today and commented that already he very seldom received a paper while over in Korea that he is receiving them regularly now and enjoys this letter very much. I only hope that all of you get that much good out of it. Dick is home on a 15 day furlough which started on the 1st and continues until the 16th. (Including Grace.) Dick has completed a course in the operation of I.B.M. machines and is now studying the machanics of these machines. It should get him a good job when he gets out in a couple more years.

The Morris twins were in last week and expressed their thankfulness that the grand old Army decided to leave them together. They were home on leave for the 4th and had to be back in camp this Wednesday. Their school starts on July 14th and will continue for 23 weeks.

Jack Bennett was home for 3 days over the 4th. His mother told me that Jack is expecting to get out and into civvies on the 20th of this month.

Lawrence Wright was in with his wife today and reported that he is still doctoring motors for the Air Corps motor pool down in Lockport, New York. The Mrs. has been having a little homesickness and some trouble with the heat but they expect the both of them to pass over.

George Rogers dropped in and took up a large space at the window for a short time last week end. I'm sorry that I wasn'nt able to spend more time talking to you just then, George.

Everett Vermillion got off a letter to me this past week. I notice a change in his address so I will give it to you again: Sgt. Everett Vermillion, RA 16 320 639, Co C, 467th Chem Mort, Camp Atterbury, Indiana. He writes, "I guess it's time I got down and wrote you a line or two while I have some time off. It's sure been hot down here. Yesterday it was 98.6 and I guess it was hotter today.

'I'm going to start my leave this month but will not get up your way. I'm going out to Colorado to be married. I've been going to school the last three months and I'm going back as soon as I get out of the Army.

'I just got myself a new car yesterday — a 1952 Ford. I sure like it.

'I see by the address you put on my paper you have the wrong address. I made Cpl down at Camp Rucker, Ala. and when I got here I made Sgt. I don't know how long I'll keep them but hope to long I get out in September. They want me to stay in but that's no go.

'Well Jake, it's time I hit the hay. 3:45 a.m. comes too soon for me. We are going in the field tomorrow." Thanks for the letter, Everett. Guess I missed the ball on your promotions.

Lawrence Streeter has changed squadrons at Scott AFB. He is now A/3C Lawrence E. Streeter in the 3317 Stu Sqdn, Box N3131. While on the Streeters — Bill also went in about two weeks ago and I get his address last week just in time to add his name to the mailing list but not in time to get it in this letter. Bills address is: A/B William A. Streeter, Sqd 3732, Flt 806, Lackland AFB, Texas. Bill seems to be following in his brothers footsteps. Do you suppose he will end up in Scott too?

Another new man at Lackland is: A/B Forest E. Muma, Sqd 3703, Flt 816, Lackland AFB, Texas. I don't have any information about when you went down there, Forest. How about you and Bill getting together and composing a letter to me, eh?

My apologies to Donald Dixon and Clare Loomis. They were home when the issues of this paper temporarily discontinued and did not add them on last week. You'll gea your papers regularly now.

Here's a letter from Maurice Vance down in the Naval Air Station in Jacksonvile, Fla. He writes, "This is just a letter of appreciation for the paper and especially your column for the servicemen. It's a good feeling to know where all the fellows are and how they're making out. The paper comes every week without fail.

'I was in the class of '50 at E.J.H.S. It seems as tho all the fellows from that class are either in college or the service. If it's not too much trouble I'd like to get Joe Hammonds and Don Dixons addresses. We three were real good friends during high school days. I have sadly neglected keeping in touch with them since We've all been in the Navy. The first few months in the service are the hardest times in which to keep trace of old friends.

'Another thing, I wish to thank the Community for the package I repeived last Christmas and especially for the cake. It lasted I believe 5 or 6 seconds in the barracks. Someone yelled "Cake" and it was gone, not before I got a generous piece of it though."

Thanks for your letter, Maurice, Joe Hammonds address is Joseph H. Hammond FN, 4th Div, USS Aucilla (AO 56) C/o FPO, New York, N.Y. Don Dixons address is Donald Dixon, FN, Pier No 7 Tug Office No 13, Norfolk, Virginia.

A letter from Cliff Cutler over in Korea informs us that he has had his Sgt stripes for about five months now. I'm sorry I didn't catch that sooner, Cliff. I imagine you earn them over there. He writes, "Well I guess it is about time I wrote you a few lines. I've been pretty busy for the last three months. We are taking care of Koreans in the hospital now. We started taking them in April. We call them KSC. That stands for Korean Service Corps. They work for eighth army up on the front carrying supplies. Boy they sure are a mess to take care of. When they come in we take all their clothes away from them and give them a shower. Then after the shower we spray them with DDT. After they've been in the hospital one week we give them two showers a week until they leave the hospital. For a while we were having an awful time here. Every Korean that got hurt they would send them to us. Even civilians. And we are not supposed to take care of anybody besides these KSC and a few GIs.

'The weather over here has here has really been nice. It rains about once a week on the average. The only thing wrong is the smell that is over here. And that is terrific, especiolly when the sun is hot.

'In a couple of months I should leave this place. That is if everything goes well. The way things are lately I am not so sure if I will leave or not. If anything breaks out up front then I won't be able to leave. But I hope that never happens.

'I told my wife to tell you that I made another stripe but guess she must have forgot. I've had it for about five months now. I don't know if I will make another one before I leave or not. At the present time they have all promotions froze. That is all but Pfcs."

Thanks for the letter, Cliff.

Ken Richards has reached England and here is his new address: Pvt. Kenneth Richards, US 55 187 683, 817 Engr Avn Bn, APO 147, C/o PM, New York, N.Y. I have no way of knowing whether he is near Bob Mosher or not. Bob is with the 620th Engr Avn Maint Co of the same APO address. It would be swell if you two could get together.

Here's a letter from James McLaughlin with a change of address within the same camp. "Well, I finally finished Basic Training and like every other trainee who finished I can truthfully say "I've had it". The heat here is really terrific. One day it climbed to a sizzling 107 degrees. That was the day a guy came into camp swearing he had saw a rattlesnake wearing a sun visor. We had to build a fire to keep cool.

'They have finally sent me here to cooking school. I don't know whether I'm an individualist or not but I really like Army chow. They have just started a program to improve Army food and its preparation. There's a lot of traditional griping about Army chow but I see every day the guys that gripe the loudest are always the guys that come back for seconds.

'Well that's about all for now and I wonder if there are any other guys from E.J. here at Fort Wood."

Thanks for writing, Jim. According to my file you are the only Jordanite there at Fort Leonard Wood just now. Murray Nelson was there up until a short time ago but he shipped out via Camp Kilmer. I wish he'd let me know whether he's getting this paper or not.

A paragraph out of a letter from Guy Vallance to his folks reads, "Well, we will be back in Japan tomorrow to load up and as soon as we are leaded we will take off again. We refueled two carriers, one cruiser, and about eight destroyers today. I don't know if I mentioned it but I am off mess cooking and back in the engine room standing watches and I like it a lot better."

Bob Pearsalls address should read Co S, 53rd A.I.R. instead of 53rd Abn Inf Div. That looked fishy to me having a division within a division. Bobs wife is leaving here on the 8th of July to go down into Kentucky to join Bob. Bob will be in Camp Breckinridge for a 16 week basic so she is going to try to get a job down there to be near him.

We received a discontinuance notice on Leo Danforths paper this week. Leo's dad told me that he left Fort Riley and is on his way to someplace just a short distance from Washington, D.C. If I remember right that is the the route that the other men from Riley took on their way to Fort Devens. If he heads your way men I'll let you know.

Well, I guess that's about all for tonight. See you all next week.

FARM FACTS
from your
County Agricultural Agent
Ed. Rebman, Co. Agr'l Agent

The "ring" test used in control of Bang's disease is an accurate, simple procedure, D. L. Murray, extension dairy specialist at Michigan State College told Ed Rebman, county agricultural agent, today.

The test is performed by mixing one cubic centimeter of milk with one drop of a stained antigen in a small glass tube. The mixture is allowed to stand for one hour. Any Bang's organism present will stain and raise with the cream layer causing a colored ring to form, hence the results of one test is shown.

The test is practical and inexpensive, Murray pointed out, and will quickly determine those herds with Bang's reactors present. Milk or cream samples can be taken at the farm or dairy plant and the test performed quickly. The milk or cream samples that show positive indicate that there are Bang's reactors in the herd. Blood samples can then be taken on those herds that have shown positive to the "Ring" test to find the individual reacting animals.

Murray advised that the ring test be made on a milk or cream supply twice a year so that animals not in production at one time will be tested the other time.

Noting the accuracy of the "ring" test, Murray reported that if 40 herd milk samples were positive to the test, 35 of those herds would show up with some reacting animals to the blood test.

The "ring" test makes it necessary to give blood tests only to reacting herds, he said, making it possible to cover a greater area each year in the Bang's control program.

It is important in the business of raising potatoes as in any other business not to lock the door after the horse is stolen. That is the idea Ed Rebman, county agricultural agent, used in urging Charlevoix county potato raisers to spray their crop BEFORE seeing any indication of disease or insect injury.

Rebman recommends applying the first spray when the plants are four inches high. After the first spray, repeat at weekly intervals. This procedure is an insurance policy against insects and diseases.

To make the spray use the old bordeaux mixture consisting of eight pounds of copper sulphate, four pounds of lime, and one and a half pounds of 50% wettable DDT per 100 gallons of water. The spray tank should be filled half full of water and the copper washed through a screen. When the tank is about two-thirds full, add the lime. The DDT should be added last. Keep the agitator moving during the whole process.

A number of growers prefer the fixed coppers and organic fungicides that do not require any lime. In this case, add the DDT as you do in the bordeaux mixture.

A sprayer that will develop 300 to 400 pounds of pressure with three nozzles to the row is the best type. Each application requires 100 to 150 gallons per acre.

What's money? Just something that brushes against your fingers on its way to Washington.

From where I sit ... by Joe Marsh

How Nervy Can a "Tenant" Get?

"Harry the Hermit" dropped in to see Judge Cunningham the other day and started complaining about that dilapidated house he lives in over near Greenwood Lake.

"Who's my landlord?" Harry wanted to know. "Whoever you pay rent to," says the Judge. "Don't pay any rent," says Harry. "Moved into that house twelve years ago and nobody ever came to collect."

"Well," says the Judge, looking mystified, "what do *you* have to complain about?" "Plenty," replies Harry. "Rain's pouring in my living room and if someone doesn't fix that roof, I'm moving out!"

Now Harry was only having a little joke, but from where I sit I've seen people act just about as nervy as this sometimes—*seriously*. Like those who enjoy all the rights Americans have worked for, and yet would take away some of those freedoms from others—for example, our right to enjoy a friendly glass of beer. I say these "leaks of intolerance" have no place in the "home of liberty."
